ARRANGEMENT OF THE MAILS.

ARRANGEMENT OF THE MAILS.

The Great Eastern Mail from Baltimore, Philadelphia, New York, Boston, &c., and Bullalo, &c., will now be received by 9 o'clock, a. m., daily; and the Mail to be sent from this office, to and by those places, will beclosed as henotofore, at 4 and 9 o'clock, p. m., daily.

The Southern Mail will be closed hereafter daily at 8 o'clock, a. m., and will be received, as heretofore, daily by 6 o'clock, p. m.,

The second Eastern Mail and Great Western Mail are received by 8 p. m., and closed at 9, p. m., daily. The Mail Trains, north of Philadelphia, are to arrive there in time to connect with the Train for Baltimore, which brings the Great Mail, to arrive here by 9 a. m. No Eastern Mail is received at this office on Sunday night, and no Eastern Mail, to be sent beyond Baltimore, is made up on Saturday night. Norfolk, &c., three times by Baltimore—Monday, Wednesday, and Friday; four times by Richmond—Tuesday, Thursday, Saturday, and Sonday.

The Mail for Annapolis, Maryland, and Norfolk and adjacent places in Virginia, is closed every night, except Saturday, at 9 p. m., and is received six times a week, with a Mail from Baltimore, Maryland, by 12 m.

The Mail from Borgetown, D. C., is received twice daily by 8 a. m., and 5 p. m., and it is closed for that place at the same hours.

The Mail from Rockville, &c., Md., is received Monday.

The Mail from Georgetown, D. C., is received twice daily by 8 s. m., and 5 p. m., and it is closed for that place at the same hours.

The Mail from Rockville, &c., Md., is received Monday. Wednesday, and Friday, of each week, by 6 p. m., and it is closed for those places at 9 p. m. of the same days.

The Mail from Brookville, &c., Md., is received by 5 p. m. of Wednesday and Scturday, each week, and closed for those places at 9 p. m. of Monday and Thurs-day.

Upper Marlboro, &c., Md., received by 4 p. m., Monday, Wednesday, and Friday, and is closed same days at 9 p. m. Port Tobacco, &c., Maryland, received Tuesday, Thurs-day, and Saturday, by 5 p. m.; closed Sunday, Tuesday, and Thursday, at 9 p. m., warrenton, Middleburg, &c., Va., received Sunday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday, by 11 p. m., closed at 9 p. m., Monday, Wednesday, and Friday.

Leesburg, &c., Va., received by and closed at 9 p. m., Monday, Wednesday, and Friday.

The postage on newspapers, and that on all printed matter addressed to any foreign country, is required to be paid in advance. The postage is also to be prepaid on letters and puckets addressed to foreign countries, other than Great Britain, Ireland, and Scotland, and Bremen, in Europe, and some places to which they pass through the Bremen post office.

\*\*Part Hoffice is open from half-past 7 o'clock, a. m., to 9 o'clock, p. m., dally, except Sunday, and on that day it is open from half-past 7 to ten, a. m., and from 7 to 9, p. m.

PROSPECTUS OF THE "NATIONAL MON UMENT,"

A weekly journal to be published in Washington under the sanction of the Washington Nationa Monument Society.

JAMES C. PICKETT, EDITOR AND PUBLISHER. JAMES C. PICKETT, EDITOR AND PUBLISHER.

The Monument is intended to be a literary, agricultural, and miscellaneous paper. It will contain selections of the literature of the day—the best that can be found in American and English publications; interesting scientific articles, embracing mechanics; foreign and domestic news; a symposis of the proceedings of Congress, and every thing that such a journal might be expected to contain, with the exception of party politics, which will be at all times most rigorously excluded.

The Monument will be published for the express and the sole purpose of aiding in the exection of the noble

mest rigorously excluded.

The Monument will be published for the express and the sole purpose of aiding in the erection of the noble column now rising on the banks of the Potomac, in honor of the Father of his Country, and which every one who venerates the name of Washington would rejoice to see completed. After deducting out of the subscription the expenses of the journal proposed to be published, the remaining funds will be faithfully applied, and without reserve, to the purpose indicated. The aid, therefore, of all who are willing to contribute to so patriotic an object, and one so entirely national, is carnestly requested. By subscribing to the Monument, a valuable journal at a low price may be obtained, while it will be doing something, at the same time, towards completing that majestic memorial of the Nation's gratitude.

The Board of Managers recommend Mr. Pickett, formerly Fourth Auditor of the Treasury and Charge d'Affairs to Peru, who proposes to edit and publish the Monument journal, as one well qualified to perform the duties of editor, and to conduct the paper fathrfully, and satisfactorily to the subscribers. They assure their fellow-citizens that this enterprise is not a speculation got up for individual emolument. Mr. Pickett will make the experiment with his own means and at his own risk; if successful, he will receive nothing more, and he asks nothing more, than a very moderate compensation for his services. Not one dollar, therefore, of the direct subscription to the erection of the Monument will be, in any event, applied to the support of the paper, nor the Society in any manner held pecuniarily responsible.

To give the public an idea of what may be done with the journal it is proposed to publish, it may be stated that a list of fifty thousand paying subscribers, at two dollars

nor held pecuniarly responsible.

To give the public an idea of what may be done with the journal it is proposed to publish, it may be stated that a list of fifty thousand paying subscribers, at two dollars cach, will yield an annual net profit of from fifty to sixty thousand dollars.

The postmastors, and secretaries of all organized bodies throughout the Union, are respectfully requested to act as agents in obtaining subscriptions, thus aiding the great object of our exertions.

As all editors and publishers, on account of the object for which the Monument newspaper will be established, must wish it to succeed, it is hoped that they will contribute to its success by publishing this prospectus.

All moneys will be remitted, and all letters and moneys addressed prepaid, to the general agent of the Monument Society, Hon. Elisha Whittlessy, Washington.

Opringas.—Millard Fillmore, exofficio President; Arch. Henderson, First Vice President; Walter Lenox, (Mayor of Washington,) Second Vice President; Thos. Carbery, Third Vice President; J. B. H. Smith, Treasurer; Geo. Watterston, Secretary.

Boand or Managara.—Winfield Scott, N. Towson, Thos. Munros, W. A. Bradley, P. R. Fendall, Walter Jones, Thomas Blagden, Peter Force, W. W. Seaton, M. F. Maury, T. Hardley Crawford, Ben. Ogle Tayloe, Elisha Whittlesey.

Terms.—The MONUMENT will be printed on a double-royal sheet—the paper and type being of the best quality—

Torms.—The MONUMENT will be printed on a double-royal sheet—the paper and type being of the best quality— and in quarto form, containing sixteen large pages, that it may be more early preserved. The price will be the follars per annum, payable on the receipt of the second number. The nature of the enterprise not admitting of any credit, none can be given.

Societies and clubs will be furnished with the MONUMENT on the following terms. 3 corpus for \$5.5 for the second. on the following terms: 3 copies for \$5; 5 copies, \$8; 10

copies, \$15; &c.

Those who are disposed to patronise the Monument are requested to forward their names to the General Agent, without delay. The first number will be published early in May, and the second on the second day of August, and weekly thereafter; time being allowed for the Prospectus

to be eirculated, and for the agents to make returns. As all subscribers will be contributors to the Monument itself, their names will be published in the paper. Washinotox, April 23, 1851. WASHINGTON, April 23, 1851.

O DFREY PATTISON, & CO., OF NEW YORK, I take leave to inform their friends and the public, that they have taken up the Importing Business on their own account. For the future they will confine themselves strictly to the Commission Business, for the purchase of dry goods, in Glasgow, Scotland.

From their long experience in the trade, they feel confident that they can promote the interest of those engaged in the importation of dry goods, and they respectfully solicit orders, which shall have their best attention.

The name of the firm in Glasgow is changed to Gopprey

of the firm in Glasgow is changed to Godfrey

Partison & Co.

The New York firm being dissolved, they will be pleased. to receive orders through their agent, James Pattis 31 Pine street, New York.

No exhibitor of Agricultural Implements at the above named Fair, having received one-half the amount of premiums swarded us on the different kinds of Implements and Machines, it is conclusive evidence that ours were considered the best and most valuable on exhibition.

At the great Fair of the Maryland Institute, for the promotion of the Mechanic Arts, held in Baltimore in October and November, 1850, the first premium (a heavy Silver Medal) was awarded to Exra Whitman, fr., for the largest and best display of Agricultural Implements. Also first premium (another Silver Medal) for his Improved Wrought Iron Railway Horse Power, which was made for exhibition at the World's Fair, in London, in May, 1851.

Our stock this season will be the largest ever offered in this city, and probably the largest in the world, consisting of more than 8,000 Ploughs, 250 Threshing Machines, 500 Chultwators, Reaping Machines, Wheat Drills, Corn 500 Chultwators, Reaping Machines, Wheat Drills, Corn 500 Chultwators, Reaping Machines, Wheat Drills, Corn or planter could wish in the prosecution of his pursuit; all of which will be sold on reasonable terms, at wholesale or retail.

A New Route to Pittsburg. 

VIA THE BALTIMORE, SUSQUEHANNA, AND PENN SYLVANIA RAILROADS.

VIA THE BALTIMORE, SUSQUEHANNA, AND PENN-SYLVANIA RALLROADS.

THROUGH TO PITTSBURG IN 33 HOURS. An express train of cars will leave Calvert Station daily, with the U. S. Mail from Washington and Baltimore, at \$1/2 a. m., connecting with the Fast Line at Middletown at 1 p. m., arriving at Harrisburg at 1 1/2 p. m., to dinner. The train leaves Harrisburg for the West at 2 p., m. arriving at Hollidaysburg at 8 p. m. At this point, passengers have the option of taking either the Cars to Johnstown, thence by Packet Boats, or Stages direct from Hollidaysburg to Pittsburg.

Tickets will be sold to the following points, by this train, to wit: York, Wrightsville, Columbia, Marietta, Middletown, Harrisburg, Newport, Millerstown, Perrysville, Lewistown, McVeystown, Huntingdon, Hollidaysburg, and Pittsburg.

This train also connects with the Cumberland Valley Rallroad, which passes through Carlisle, Shippensburg, Chambersburg, and other points on this road.

For the accommodation of passengers from Washington for any of the above points, the Baggage Master of the Company will be at the Depot of the Baltimore and Ohio Rallroad Company on the arrival of the Morning Cars, at 8 a. m., to receive the Baggage, which will be carried free of charge to Calvert Station. Austin's Magic Freezer, Through in six minutes. For the preparation of Ice Creams, Water Ices, &c.—Patented Sep-

Ice Creams, Water Ices, &c.—Patented September 19, 1848.

THE distinguising merits of this Apparatus are—1st. The astonishing rapidity of the process, surpassing belief—hence the name.

2d. The Cream during the progress of freezing becomes charged with atmospheric air, by which it nearly doubles in bulk, and obtains that peculiar smoothness, lightness, and delicacy of flavor, for which the fee Cream of our best Confectioners is so highly prized.

3d. It does not require a tenth part of the labor that the common Freezer does.

4th. It does its work better, producing a better article, in every respect, than by any other mode.

5th. There is a considerable saving in ice, as the tub needs no replenishing during the operation.

The annexed testimonial from the Proprietor of the Eutaw House will put to rest all doubt.

"Having witnessed the process of freezing Ice Cream in Austin's Magic Freezer, two quarts of Cream having been frozen in the incredible short time of six minutes, I cheerfully recommend it to the public."

II. F. JACKSON,

Eutaw House, Baltimore, May 16, 1848.

"This is to certify, that during the summer of 1848. I

cheerfully recommend it to the public.

Eutaw House, Baltimore, May 16, 1848.

"This is to certify, that during the summer of 1848, I used one of Austin's Patent Ice Cream Freezers of the largest size, (10 gallons,) making from 10 to 50 gallons per day during the season; and so far as regards expedition and power, I consider it decidedly the best freezer now in use, as I have had with it no difficulty in making ten gallons of superior quality fee Cream from five of plain Cream, in thirty minutes from the time I commenced working it.

AMERICAN HOUSE, HANOVER STREET, BOSTON. THE Undersigned having entirely rebuilt and enlarged the above extensive establishment, containing in all about three hundred and fifty rooms; would respectfully give notice that it is now ready for the reception and a commodation of the travelling community.

reception and accommodation of the travelling commuaity.

An extended notice of the unsurpassed conveniences of
this House is deemed superfluous, as the numerous improvements which have been made cannot be properly
given in an advertisement. Suffice it to say that no expense has been spared to render any apartment perfect.

The forniture was made expressity to order, regardless
of cost, and certain portions of it, especially the Drawingrooms, will be found to be of the most beautiful and tasteful manufacture. The Dining-rooms are capacious, and
the hours for meals will be so stranged as to sait the convenience of the early and late.

Every department will be conducted in an unexceptionable manner, and the Proprietor piedges himself that
the American House shall be truly the Traveller's Home.

III. Horace, begun; Homer's Odyssey, finished; Geometry, five books; History, finished.

JUNION CLASS.—I. Tacitus, begun; The Prometheus of Eschylus and Electra of Sophocles; Analytical Geometry, finished; Calculus; Natural Theology; Evidences of Christianity. tianity.

II. Logic; Mental Philosophy; The Alcestus of Euri-pides; Tacitus, finished; Natural Philosophy; Mechanics

pides; Tacitus, finished; Natural Philosophy; Mechanics, begun.

III. Moral Philosophy; Plato's Gorgias; The Captive of Plautus; Mechanics, Hydrostatics, Pneumatics, and Meteorology.

Sornosons Class.—I. Horace, finished; Xenophon's Memorabilia; Geometry, finished; Rhetoric, begun.

II. Gleero de Amieitia and de Semectute; Herodotus, begun; Plane Trigonometry; Spherical Trigonometry; Rhetoric, continued.

III. Cleero de Officiis; Herodotus, finished; Surveying; Analytical Geometry, begun; Rhetoric, finished.

SENOS Class.—I. Political Philosophy; The Andria of Terrence; The Clouds of Aristophanes; Acoustics, Optics, Electricity, Magnetism.

II. Elements of Criticism; Bufler's Analogy; Cleero's Tusculan Questions; Demosthenes de Corona; Voltaie Electricity or Galvanism; Electro-Magnetism, Magneto-Electricity or Galvanism; Electro-Magnetism, Magneto-Electricity, Electro-Dynamics; Astronomy, begun.

III. The Constitution of the United States; Astronomy, finished; The Science of Heat; Thermo-Electricity; Chemistry and Geology.

PHILOSOPHICAL APPARATUS. PHILOSOPHICAL APPARATUS.

The College is provided with a Philosophical Apparatus that furnishes ample means of experimental illustration in all the different branches of Natural Philosophy. The sum of three thousand dollars has recently been expended, partly in this country and partly in London and Paris, in the purchase of new apparatus, adapted to the present advanced state of the Physical Sciences.

EXAMINATIONS.

At the close of each study, or branch of study, the members of the class are carefully examined, and, at the close of the year, in all the studies of the year, in the presence of a Committee of the Trustees; and their attainments are communicated to the Board of Trustees.

RELIGIOUS INSTRUCTION. RELIGIOUS INSTRUCTION.

In addition to daily morning, and evening prayer, divine worship is held twice on every Sunday, and the recitation on Monday morning is always in the Greek Testament. At the request of his parent or guardian, a student is permitted to attend any place of worship which himself or the parent or guardian may select. One member of the Faculty will attend at each of the different places of worship (Presbyterian, Episcopalian, and Methodist) in the village, and note all absentees.

Two at least of the Professors, with their fundics, will reside in the College buildings, and will board at a common table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION.

mon table with the students, who are required to occupy such rooms as may be assigned them by the Faculty.

ADMISSION.

In order to admission to pursue the entire course, a student must be at least fourteen years of age; must give satisfactory evidence of good moral character; and must sustain an examination in the following studies, viz:

Arithmetic, Elements of Algebra, Latin and Greek Grammar, Jacob's or Felton's Greek Reader, and the first two books of Xenophon's Anabasis, Jacob's or Doering's Latin Reader, Sallust or Cressar, Gicero's Select Orations, and Virgil, or what shall be deemed equivalent.

EXPENSES.

ENTANCE FEE.—If the student enter as Freshman, five dollars; if as Sophomore, ten dollars; if as Junior, fifteen dollars; and if as Senior, twenty dollars.

1st Session. 2d Session.

Tuition. \$21 00 \$21 00
Room rent. 400 \$40 100
Incidental expenses 100 100
Incidental expenses 100 100
Fuel is afforded to the students at cost. A sum equal to the probable cost is advanced by each student; if more is consumed it is charged to him; if less, the balance is refunded.

Board is furnished with the families of the Professors at two dollars per week.

Washing, at the usual rates.

All dues are payable in advance. The tuition is remitted, on application, to all students designed for the Ministry.

The tuition fee for Modern Languages will be eight dollars per session, to be paid to the Instructor in advance.

For students who do not design to prosecute the whole stunes.

dollars per season; to be part vance.

For students who do not design to prosecute the whole Course required for a degree, a more limited range of studies is furnished, adapted to the sphere and course of life of each individual, so far as such can be reasonably anticipated.

ipated.

The studies of this Course are arranged under the following departments, to wit:

1st. A MATHEMATICAL DEPARTMENT—In which, beginning with Arithmetic and Algebra, the student will be carried, seriation, through all the higher branches of the Mathematics, ending in their application to Natural Philosophy, Astronomy, &c.

2d. An English Department—Comprising instruction in Orthography, Reading, Elecution, Grammar, Writing, Geography, History, Composition, Rhetoric, Logic, Judelectual Philosophy, Moral Philosophy, Political Grammar, Story on the Constitution, Philosophy, Ornithology, Natural Theology, Elements of Criticism, and Evidences of Christianity.

business man.

2. Arithmetic—Comprising numerous abbreviated methods of computing Interest, Discount, Equation of Payments, &c., and other mercantile calculations founded on per centage; together with all such operations as are requisite for a thorough knowledge of the business of the

cultity for a therough knowledge of the business of the counting-room.

3. Book-keeping—Single and Double Entry, by the most approved methods. A complete course of instruction in this branch will be furnished, designed to fit the student to take charge of any set of secount books.

4th. An Agrecultural Diffarmant—Comprising a selection from the English and Mathematical courses; and, also, Surveying, Botany, Mineralogy, Geology, Chemistry, and Agricultural Chemistry; the last two lilustrated by experimental lectures.

5th. A Civil. Engineer Department—In which are taught Arithmetic, (mental and written.) Algebra, (mental and written.) Geometry, Trigonometry, Surveying, with the use of instruments in the field, Practical Engineering, Architecture, Perspective, Draughting, and Topography.

neering, Architecture, Perspective, Draughting, and Topography.

6th. A Teacher's Department.—The course of study will consist of a judicious selection of subjects from the other departments, including all the branches pursued in our common schools. Practical Lectures will also be given on School Teaching, both as a science and as an art.

Pupils will not only thus receive the fullest instruction relative to the best and most popular methods of teaching, but they will also have opportunities of exemplifying them, by hearing recitations in the lower departments of the Institution.

7th. A Department of Modern Languages—In which students who wish to take a thorough course can have an

ttd. A Divisition of the control of

Newark Academy.

Newark Academy.

By a late re-organization of this department of Delaware College, the Board of Trustees have taken measures to place it upon a new and improved foundation, and to endow it with advantages possessed by few similar institutions in the country. The Academy, heretofore merged in the College, and of coarse subjected to all the evils which have been found to attend the amalgamation of the two departments in the same building, and under the same government, now enjoys the privilege of a separate establishment, without losing those which result from its relation to the College proper.

A large and elegant edifice, with all the necessary fixtures of a complete boarding establishment, has been erected and furnished, in which the students of the Academy board, under the immediate charge of the Principal and his Assistants; and all its exercises are conducted on a system of its own, uninterrupted by the interests or operations of the other department. The furniture of the study-rooms and dormitories has been chosen with petuliar reference to comfort and convenience for study; and no expense has been spared in providing the apparatus necessary to reinder the means of instruction complete giving to Newark Academy facilities for private study and comfortable accommodation of students, fully equal to those afforded by many of our colleges.

From its intimate relation to the College, students of the Academy enjoy many advantages not generally obtained at institutions of this kind. Those who wish to pursue some particular branch which falls more properly within the College course, may be admitted to recite in any of the College classes. Students also of proper age and discretion, by recommendation of the Principal, and permission of the Faculty, may enjoy the use of the College also the Principal, and permission of the Faculty, may enjoy the use of the College as can be profitably enjoyed by academical students.

the College as can be promany under the students.

The charge for Boarding, Washing, Fuel, Light, &c., with tuition in the English, Latin, and Greek, is seventy dollars for the Summer Session, and seventy-five for the Winter Session. The only extras are one dellar per session for incidental expenses, and a fee of eight dellars for Modern Languages, and a fee of five dellars for Drawing, from those who enter these classes. The sessions and vacations of the Preparatory Department are the same as those of the College.

Rev. MATTHEW MEIGS, A. M., President of Delawace College.

THE TESTIMONY OF ONE OF OUR LAWYERS.—
Mr. JAS. L. HAMILTON.—Dear Sm: Although the number and respectability of the testimonials of which you are already in possession, as to the efficacy of your Medicine, "THE GREAT VA. REMEDY," in the diseases which it is designed to cure, are sufficient, in my opinion, to establish its reputation, and secure for it such patromage as will adequately reward you for the discovery of so inestimable a Medicine—yet the great benefit which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have derived from its use, and the salutary effects which I have witnessed from its employment in the cases of several friends, to whom I had recommended it, constrain me to contribute, for such use as you may think proper to make of it, this formal acknowledgment of its santary virtues. My own case was Dyspepsia of long duration, and very aggravated in its character, manifested by an almost total destruction of the digestive functions, great debility, nervousness, emaciation, and impaired appetite, with pain, and a burning sensation in the left side of the chest, palpitation of the heart, vertigo and congestion in the head, and many other symptoms indicative of the worst type of the disease, by the use of three or four bottles of your preparation, been entirely relieved. The cases of my friends, in which your Medicine was taken, were Dyspepsia, Chronic Headache, and Sore Throat, in all of which it proved efficacious, after the trial of a vast number of other remedies without benefit. Your medicine is as pleasant to the taste as a cordial, and in my experience corrects all derangement of the stomach, restores the wasted or enfeebled energies of the digestive organs, and imparts strength and reanimation to the whole system.

Very r

VALUABLE LAW BOOKS. W E invite the attention of the Profession, and others desiring Law Books, to our very extensive stock, which, we believe, contains the best assortment of American Publications in the United States. Particular attention given to furnishing or completing Libraries for the Departments, Associations, and States.

Orders by mail promptly and carefully executed.

English Common Law Reports,

English Common Law Reports,

58 Volumes, with a complete Index to the first 47 Volumes.

Since volume 39 of this series, The English Common Law
Reports have been reprinted in full. With volume 44, we
commenced binding each English volume separately, instead of, as formerly, two English in one American volume.

Price—For the first 43 vols., \$3.00 per vol.

For the succeeding, 2.50 "

The reputation which these Reports maintain in England and in the United States is known to all the Profession. The low price at which they are offered, compared
with the rates of some of the principal American Reports,
of even inferior merit, recommends them particularly to
the attention of those purchasing Libraries.

A General Index to the first 47 Vols. of the English Common Law Reports. By Hon. George Sharswood and George W. Biddle

By Hon. George Sharswood and George W. Riddle, Esqrs. 1 vol. Svo.—\$5 00.
With this Key to their contents, the English Common Law Reports present to the Profession a mass of legal learning in the shape of Opinions, Data, elaborate Arguments, &c., &c., sufficient, probably, for the Elucidation and Prosecution or Defence of any case that can arise in our Courts of Law: and being thus made easily and instantly accessible, these Reports will be found so comprehensive, convenient, and cheap, as to supersede the necessity of other or more expensive scales.

The Index will be found of great value to all possessing the Reports; and of great convenience to those having access to, but not owning the series.

New English Exchequer Reports-Pleas and

Equity.

To be reprinted in full, in best style, with American Notes, by J. I. CLARK HARE and H. B. WALLACE, Esqrs, at \$2.50 per vol., bound.
Including McClelland and Younge, Younge and Jervis, Crompton and Meeson, Crompton, Meeson and Roscoe, Meeson and Younge and Collyer—in Equity.

JOSEPH STORY.

CAMBRIDGE, January 25, 1845.

Gentlemen: Your letter of the 24th has been received, in which you ask my opinion as to the value of the English Exchequer Reports, from Price downwards to this time, to an American Lawyer, and as to the expediency of reprinting them in this country. Of the high value of these Reports, both on the Pleas and Equity sides of the Court, I have not the least doubs—the decisions of this Court for the last fifteen or twenty years, both at Equity and in Common Law, being entitled to equal respect with any others in England. I should think an American Lawyer's Library essentially incomplete without them.

I am, gentlemen, very respectfully yours,
SIMON GREENLEAF.

Mesers. T. & J. W. Johnson.

Law Library.

Fourth Series-Forty Volumes. Fourth Series—Forty Volumes.

Twelve Dollars a year, bound—Ten Dollars in Numbers. The cheapest Law Periodical in the United States.

It is our determination to make the Law Library the cheapest series of reprints of English Law publications in this country. The Editorial Department will, we trust, be found fully to realize the expectations of these who have enjoyed Smith's Mercantile Law, Touchstone, Broom's Legal Maxims, Archbold's Nisi Prios, Archbold's Landlord and Tenant, Crabb on Real Proporty. Smith on Contracts.

The high reputation which the "Law Library" has acquired throughout the United States, by the character of its volumes, and by the cheap rate at which its valuable contents have been presented to the Profession, is the best evidence we can offer of its merits and its claims for your support. We hope, and will aim, to retain this high character.

Leading Cases in Law and Equity. In Three Series-With American Notes.

In Three Series—With American Notes.

1. White and Tudor's Leading Cases in Equity, 1 vol. 8vo. \$4 50; with copious and elaborate American Notes, by Messrs. Hare & Wallace.

2. Smith's Leading Cases, 2 vols.—\$10.
Thir-I American Edition—with Notes and References to late E: dish and American Decisions, J. I. Clark Hare and H. B. Vallace, Esqus.

3. A nertean Leading Cases, 2 vols.

Containing voluminans and learned notes to the Leading Cases in Mercantile Law decided by the American Courts. Edited by John Innis Clark Hare, Esq., and Horace Binney Wallace, Esq.—\$9.

The English Ecclesiastical Reports. Seven Volumes-\$24 50.

Scen Volumes—\$24 50.

Furnish a series of Decisions in the Ecclesiastical Courts of England and Scotland, from 1790 to 1838, and contain seventies English volumes condensed in seven.

"We respectfully commend this series to the notice of the Profession. It contains the only reports of the many important cases of Wills, Settlements, Divorces, &c., and covers the whole of that important branch of the law embraced in this country by the Orphans' Court Practice.

"It would be difficult to point to any English Reports of more general value in the United States, than this selection of Decisions."—Marvin's Legal Bibliography.

British Crown Cases Reversed.

Three Volumes—39.

Prom 1796 to 1840—To be continued.

The Decisions upon the Crown Cases reversed for the consideration of the Twelve Judges of England, are of the first importance to the due administration of the reiminal justice of the country; and in committing to the press those which have occurred during a recent period of more than forty years, the publishers believe that they are making an acceptable communication to the Profession and the publics. ing an acceptable communication to the Profession and the public.

The three volumes already published contain all the

red Cases since Leach.

T. & J. W. JOHNSON,
Law Booksellers, Publishers, and Importers. s, Publishers, and Importers.

169 Chestnut st., Philadelphia.

WILSTINGTON BOARDING SCHOOL
TO BOYS.—This institution is sideated in one of the healthful portions of the town. The min form healthfulness of the location may be interrest from the fact that, since the establishment of the échool; about twonty-eight years, very few cases of serious indisposition have occurred among the pupil; and not a single death either here, or from diseases contracted while here.

The course of instruction moludes, besides the ordinary English branches, Natural Philosophy, Chemistry, Physiology, History, Rhetoric, the various branches of Mathematics and their application to Mechanics and Engineering; the latter and Surveying are taught practically by feed operations, with the use of appropriate instruments. Lectures on Natural Philosophy and Chemistry, in which all the important principles are illustrated by experiments, are regularly delivered before the students.

As the object is to make the instruction as thorough and practical as possible, no expense has been spared in providing suitable apparatus, at It is believed that, in this respect, the institution will compare avorably with any similar one in the country. A carefully selected fibrary, of more than one thousand volumes, containing works on the various branches of Literature and Science, furnished ample reading matter; while a Laboratory, fully supplied with apparatus and tests, contains all that is necessary for practical instruction of two months, from about the middle of the Seventh month (July).

MORE HOME EVIDENCE.

THE subscriber has not yet disposed of his real estate in Principal will design and will does on accommonged of his real estate in Principal will design and will de so on accommonged of the frame and a furnished the country town, furnished the constitution of the frame and a furnished the ordinary in the construction in the subscriber in the fact of the real estate in Principal will design the country for the middle of the subscriber in the remark of the real estate in the real estate in the remark of the real est REAL ESTATE IN VIRGINIA FOR SALE.

THE subscriber has not yet disposed of his real estate in Prince William county, Virginia. He is still desirous of selling, and will de so on accommodating terms. It consists, first, of 947 acres of land, in from two and a half to four miles of Brentsville, the county town, fourteen miles of Occoquan, thirty miles of Alexandria, and from four to five miles of the Orange and Alexandria Railroad, which will be completed to Brentsville this year. This land is well adapted to the growth of wheat, corn, rye, cats, and grass. It is a mixture of the red and gray soil, and admirably adapted to improvement by the use of clover, plaster, guano, &c. It is heavily timbered, and finely watered, having lasting springs of the purest water. It is capable of being divided into five or six good sized farms, and with tolerable buildings and small orchards on four of them. I will sell it all in a body to a company, or will divide it to suit purchasers, at prices ranging, according to quality, at from \$3 to \$8 per acre. I will only require one-fourth of the purchase money in hand, and the balance I will divide in three annual payments, to bear interest from the date of sale, to be secured on the property. Land is rapidly rising in value in the neighborhood, and I offer great inducements now, as I wish to turn my attention to other pursuits.

Secondly. A square of buildings in the town of Brentsville, suitable for a chrirage-maker, wheelwright, or blacksmith, with two dwelling-houses, kitchens, blacksmith, and smoke-house. It would make a good tavern stand, and the shop a good stable. For this property—on the same terms as the land. It is within a mile and three-quarters of the railroad.

Thirdly. Nine and a quarter acres of land on the turn-pike, just above Buckland, on which are a good dwelling-house, a large wheelwright shop, kitchen, stable, dairy, and smoke-house. It would make a good tavern stand, and the shop a good stable. For this property I will take \$500—on the same terms.

Fourthly. A l

place for the business. For this I will take \$400—on like terms.

Fifthly, A lease lot in Haymarket, with a pretty good house, kitchen, a large shoemaker's shop, stable, &c. The buildings are a little out of order. The lease may run for ten or twelve yestrs. For this I will take \$100.

Sixthly, A valuable farm in Alleghany county, Maryland, containing 200 acres, within eight miles of the National Road, and ten to twelve miles of the Baltimore and Ohio Raliroad. This farm is in a thriving neighborhood, is heavily timbered, has a good and never-failing stream of water running through it, and several mill-seats; abounds in iron ore and coal; has a fine sugar misple or chard on it, and a mineral spring, which I think equal to the White Sulphur or Bedford, and has now some forty or fifty acres of the land cleared. The soil is not surpassed by any in the country. I am disposed now to take \$4 per acre for it. Mr. Abraham Steel, who lives near it, will show it to any one wishing to purchase. The property in Prince William country, Virginia, will be shown by Epps. Hunton, each, who is authorized to sell; or by Mr. Edwin W. Latimer, or Mr. Robert Hodgkin. I shall be in Brontsville about the middle of May, and will, in person, show the property to any one wishing to purchase.

HENRY A. BARRON,

March 14, 1851. }

I being desirable to substitute locks and keys, with proposals to furnish the same, will be received and considered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as practicable, be entered into for furnishing such locks and keys, with proposal to furnish the same, will be received and eonisidered at the Post Office Department until the first day of July next. The different locks will be submitted to a commission for examination and report. Upon this report, contracts will, as soon as

tional term of four years, by giving to the contractor a written notice to that effect, not more than nine nor less than six months before the termination of the first term of four years.

With a view of procuring the best lock at the lowest price, no kind of lock is prescribed as a standard, the Department relying for a selection on the mechanical skill and ingenuity which a fair competition, now invited, may develop. It is, however, proper to state that a lock suitable for the mail service should possess the following qualities, viz: durability, uniformity, lightness, and strength. For the purpose of displacing simultaneously all the mail locks and keys now in use, about thirty thousand new locks and keys now in use, about thirty thousand new locks and keys year of the contractor within seven months after the contract shall have been entered into; afterwards the annual supply will depend on the durability of the locks and keys adopted, as well as the increase of the mail service; but it will probably never exceed in amount three thousand of the former and one thousand of the latter.

No lock will be considered if it be like any already in general use; nor will any one with whom the contract may be made be allowed to make, sell, or furnish, any lock or key similar to those contracted for for any other purpose or use than that of the Post Office Department.

The kind of lock adopted must be patented, and the patentee will be required, on entering into contract, to make an assignment of his patent for the exclusive use and benefit of the Department, if the Postmaster General shall deem such requirement essential to the interests of the service. In case of the failure of the contractor at any time to failff shithfully the terms and conditions of his contract, the Postmaster General shall have the right, to contract any similar locks and keys.

In deciding upon the proposals and specimens offered, the Postmaster General may deem it capted to give bond, with any other perty or parties as he may see fit, for furnish

HUNT'S MERCHANTS' MAGAZINE
AND COMMERCIAL REVIEW.

Established, July, 1889,

THE Number for December, 1850, completed the twenty-living semi-annual yolume. The work baselsen enlarged since its commencement in July, 1859, and each volume now contains more than seven hundred large octavo pages. A few complete sets of the "Magazine may be obtained at the publisher's office, 142 faiton street, New York, neatly and substantially bound, for two dollars and a half per volume.

The following are a few of the many commendatory letters received by the softer of the Merchants Tagazine from distinguished statesmen:

Letter from the Hon. Henry Clay.

Ashland, 20th July, 1849. BY FREMAN HUST, EDITOR AND PROPERTOR

Ashland, 20th July, 1849.

Dear Sir: I wish to express to you the gratication I derived on receiving the July number of the Michants Magazine and Commercial Review, from rightly your protrait in the beginning, and from reading your address to your friends at the end of it. When we see ander obportrait in the beginning, and from reading-year address to your friends at the end of it. When we see stiller obligations to those who have contributed to our information and amusement, we are naturally desirous is possess all the knowledge of them, of their appearance, of the features of their countenance, and of the character and habits of their mind, which we can acquire. Note have placed your numerous readers (at least you have not placed your numerous readers (at least you have not placed your numerous readers (at least you have not placed your numerous readers (at least you have not just the number of your valuable work now height in the number of your valuable work now height in the Magasine and Review, and have no hesitation in expressing my humble opinion that it is eminently entitled to the public regard and support. It collects and arranges, in good order, a large amount of valuable statistical and other information, highly useful not only to the merchant, but to the statesman, to the cultivator of the earth, to the manufacturer, to the marriner, in short, to all classes of the husiness and reading community.

Entertaining this opinion, I am glad that it has been, and hope that it may continue to be, liberally patronized.

Offering you cordial assurances of my esteem and regard, I am truly your friend and obedient sevent,

Freeman Hunt, esq. H. CLAY.

hope that it may continue to be, liberally patronized.

Offering you cordial assurances of my esteem and regard, I am truly your friend and obedient servant.

Freeman Hunt, esq. H. CLAY.

Extract of a letter from Hon, Millard Fillmore.

"I have read it (Merchants' Magazine) with a good deal of attention, and have no bestiation it saying that I think it one of the most valuable periodicals that was ever published. To the merchant it seems quite indispensable, and to the statesman and man of gaussal information almost equally desirable. It is a grain repository of useful facts and information, which can be found nowhere so well digested and so accessible as in these numbers. I only regret that I do not own the whole work."

Latter from the Hon. Thomas H. Benton.

Mr. Freeman Hunt.—Sir.: I owe you many chasks for the opportunities I have had to read the Marchants. Magazine, and have found it in reality to be a magazine, and that well replenished, of all the useful matter, which the title would imply, and presented with a bulleas and clearness which delights while it instructs. It is in a ct. a merchants' magazine in the large acceptation, of the term—merchants who go between nations, whose large operations bring many departments of knowledge, and a view of the state of the world, into daily requisition. But it is not the great merchant only, but the one of more modest, but, nevertheless, of most useful operations—the merchant of the interior also—who will find this magazine to abound with the information the purposity his business and the elevation of the mercantile charactar requires. Nor is its utility at all confined to merchants but the tree charged with managing the affidire of the nation. For myself, I have found it most useful to merchante, and were charged with managing the affidire of the nation. For myself, I have found it most useful to merchant, and the properties of the many years of carefully consulting it.

Very respectfully, sir, your obedient sevent,

Letter from Hon. Wm. H. Seward, in and My Dear Sir: Have the goodness to place my name on your list of subscribers for the Merchants' Magazine. I regard it as an invaluable work for the use of all who would understand not merely commercial operations in this extending country, but the fiscal and commercial questions involved in the administration of the government.

ment. I am, with great respect, your humble servant.

Freeman Hunt, eq. WILLIAN H. SEW AIFD.

The Merchants' Magazine is published monthly at 142 Fulton street, New York, by FREEMAN HUNT, and furnished to subscribers for Five Dollars a year, in idvance.

ELASTIC\* UNIVERSAL TOUCH.

WISE & BROTHER, Manufacturers of Boulois, Grand, and Square Pianes, request those who would be assured of a first class Plane, one that ladies can perform on with the greatest possible advantage—one first the topen can be instantly adjusted to the exact strength of the fineers and movement of music, one that will stand by concert tune, one that the tone will not become shrill and grating, that is chaste of style and elegantly made any of straight and regular curve lines, that will last an age—to receive them a call. The ancient standing of the flatilization of the first order of artistic tasts and science, conceded at once the most critical, have been fully anticipated. Their recently finished Grand Plane, minutely reviewed by the most accomplished civil engineers and master artists, has been denominated truly a Grand Plane; also, that their late Bouloir, for style, power, and compassed tone, is not surpassed, if equalled, in the world. Friends and customers, please stop in and examine for yourselvas.

J. J. WISE & RROTHER.

\* Elastic, because the keys recover their quiescent place in time equal to the displacing. Universal, because the same instrument may be instantly altered to all their performers, all different, may each find the touch they prefer.

COLD SPRING WATER CURE. THIS NEW AND SPLENDID ESTABLISHMENT for

THIS NEW AND SPLENDID ESTABLISHMENT for the scientific treatment of the various diseases with which the human system is afflicted, is situated about three miles from the city of Buffele, in a rural spot, and so accessible from all points as to be reached without inconvenience or delay.

A line of omnibuses runs from the steamboat landings in Buffale to the springs every ten minutes.

The house and grounds are near the extensive and beautiful green-houses and nurseries of the Messra Hodges & Bryants; and the scenery in all disodons is unsurpassed, as regards either variety or beauty; embracing points of view, from which may be taken in at a lance the broad expanse of take Eric, the Niagara flowing majoritally towards the Falls, extensive forests, and the "Queen City of the Lakes," with its moving panorania of steamboats and ceaseless enterprise.

The water, taken immediately from the celebrated purity, by any in the United States. The house, recently erected at a cost of about seven thousand dollars, has been fitted up in a neat and elegant style, at considerable extra expense, and is sufficiently capacious to accomposate seventy-five patients.

Connected with the establishment, and constituting one of its attractions, are the fixtures and conveniences for innocent and healthful gymnastic exercises.

MEDICAL DEPARTMENT.

MEDICAL DEPARTMENT. MEDICAL DEPARTMENT.

The institution is under the general supervision of S. M. Davis, M. D., Professor of the Theory and Practice of Medicine in Central Medical College, and Geo. W. Davis, M. D., formerly of Dansville, N. Y., the resident physician, and is permanently associate with the before mentioned gentleman as counsel, and associate of the medical board of control. And the friends of the establishment deem it a matter of felicitation that the services of Miss Mary M. Taylor, a lady of high medical attainments, who has a tended two courses of lectures in the Central Medical College, have been secured, and that female patients can at any time avail themselves of her invaluable aid and counsel.

The steward's department is under the control of a gen-them an eminently qualified for that position; and unwearied pains will be taken to have every thing, appertaining to the establishment arranged on a plan, and conducted in a way, to ensure the comfort, and promote the health and happiness of all who may wish to ayail themselves of its benefits. Baths of all descriptions, adapted to the cure of the various forms of disease, and constructed on a scale not inferior to those of any other establishment in this country.

of the various forms of disease, and constructed, on a scale not inferior to those of any other establishment in this country.

An enlightened public sentiment has every where repudiated a reckiess use of drugs in the treatment of disease; while intolerable sufferings and broken constitutions have imperatively demanded "Reform." A return from a wide and fatal departure from the simplicity of Sature's laws is called for, alike by a rational love of happiness, and the deplorable extrencies of our condition. Histopalay or a scientific use of water as a restorative and curative agent, is a practical substitution of a simple and curative agent, is a practical substitution of a simple and curative agent, is a practical substitution of a simple and curative agent, ging, depleting, and canterging, which, in obtaining the mastery over disease, too frequently places the patient beyond the reach of further anasyanes. The success of the various Water Cure establishments in this country, to say nothing of any other, has findly confirmed the hopes of the early discoverers and promignators of the great furthed communications unnecessary. It is deemed sufficient to say, that the "Cold Spring Water Cure" will company favorably with any of the well-conducted establishments of a similar character, and will be found, equal to the best of a similar character, and will be found, equal to the best arrangements. The institution is now open for the reception of patients, and in full operation.

rangements.
